

His Excellency,  
**Chief James Onanefe Ibori**  
Former Executive Governor  
Delta State

Your Excellency, I wish to congratulate you most warmly on the occasion of your 63rd birthday.

This is a refreshing opportunity to celebrate your enormous contributions and achievements.

You faithfully and diligently served the good people of Delta State, cast aside all forms of tribalism and delivered the dividends of democracy to them.

You extensively touched the lives of many Nigerians, shaped the future of the people, encouraged broad participation in governance and lifted Delta State to unprecedented relevance.

You implemented the bottom-top philosophy, institutionalised due process and sustained peace in Delta State by preaching the gospel of peaceful co-existence, good neighbourliness and unity among all.

You carried traditional rulers along in sustaining peace, through periodic meetings.

You created an enabling environment for the private sector to thrive.

You brought development and transformation to the geo-political entity called Delta State through Operation 2000 Projects.

You paid bursary allowances to students of tertiary institutions, curbed unemployment, youth restiveness and ethnic crisis in Delta State.

You promoted peace, harmony and development in the Niger Delta.

You campaigned for the diversification of the nation's economy, power shift, resource control and derivation as well as enthronement of equity and justice in a restructured Nigerian polity where true federalism reigns.

You also campaigned for decentralisation of policing and security responsibilities of government.

You built bridges of friendship and understanding among Nigerians.

You demonstrated that leadership is not a function of tribe but a matter of vision, determination and mission.

You recorded successes in security, job creation, human resources capacity building, gender and youth empowerment, environmental sustainability and remediation, fiscal discipline and budgetary reforms.

You did exceedingly well in transportation, healthcare delivery, water supply, basic and higher education, rural electrification, sports, ICT, agriculture and housing.

You provided better roads, built bridges, facilitated the training of Deltans in local and foreign universities and provided selfless service to mankind.

As a responsible governor, the relationship between the executive and the legislature was a model in terms of peaceful co-existence, separation of powers and checks and balances. The judiciary also enjoyed tremendous support and cooperation from the executive.

Indeed, you exceeded the expectations of the founding fathers of Delta State through visionary, exemplary and transformational leadership.

I wish you good health, long life and God's continued protection.

Congratulations and many, many happy returns.
